

4" Desk Booking Screen | WS-0350

GET MORE OUT OF YOUR REAL ESTATE WITH DESK BOOKING SCREENS

Our digital desk booking screens, which can double as meeting room booking displays, make workspace management easy. Desk booking screens help maximize space utilization and reduce overhead costs. You can identify and book available workspaces from the desk screen, your mobile device, or Microsoft Outlook®.

Simply locate an unoccupied workspace and tap the touch screen or scan your RFID access card to book the desired workspace. Our desk screens integrate with Microsoft Exchange / 365®, so schedules are updated automatically.

DESK BOOKING JUST GOT EASIER

Managing hot desks, hoteling, and other flexible workspace arrangements doesn't have to be a struggle. Our desk booking screens improve efficiency by enabling you to determine workspace occupancy status at a glance. Mount them to desks for enhanced visibility and ease of use.

Contact us to learn more about our desk booking screens for workspaces of all kinds.

OPTIMIZE YOUR WORKSPACES WITH INTEGRATED DESK BOOKING SCREENS

- ✓ **INTEGRATES WITH OFFICE 365 & MICROSOFT EXCHANGE**
- ✓ **COMPLETE SOLUTION WITH HARDWARE AND PRE-INSTALLED SOFTWARE**
- ✓ **FREE UP UNUSED OFFICE SPACE & IMPROVE WORKSPACE SATISFACTION**
- ✓ **VIEW AVAILABLE WORKSPACES AT A GLANCE**
- ✓ **SIMPLE CHECK-IN AND OUT WITH TOUCH SCREEN OR RFID ACCESS CARD**

BONUS - DID YOU KNOW?

Combining **Digital Sign Service** with our meeting room booking solution **Resource Central** allows you to easily manage meetings from start to finish. Additional features include visitor management and booking of individualized catering and other services.

THE NEXT-GENERATION SOLUTION FOR WORKSPACE MANAGEMENT

Optimize desks and huddle spaces with digital signage. Our desk booking screens allow for simple, straightforward workspace booking. Book, cancel, or extend meetings in just a few taps, using the sleek, intuitive touch screen. An RFID-enabled card can also be scanned to verify user identity and book spaces securely.

Our desk booking screens feature an LED status light that shows workspace status. The desk is available if the light is green and occupied if it is red. The screen is visible from multiple angles and boasts an array of mounting options. The display can be placed at the edge of a desk or mounted on the wall.

STREAMLINE YOUR MEETING ROOM MANAGEMENT

Our desk booking screens cannot only be used on desks, they can also be mounted on the wall both inside and outside of meeting rooms and huddle rooms. These screens help visitors and employees find available meeting rooms and book them on the spot. Digital meeting room screens eliminate confusion and simplify room booking by clearly displaying meeting room schedules. The devices can be customized with your company logo and branding, creating a strong impression with visitors and employees alike.

Bring more visibility into your workplace with desk booking screens and meeting room signs from Add-On Products. The devices integrate with Microsoft Exchange / 365®, so you can manage your meeting schedules in one place and keep everyone up to date.
